Restoration under section 24 of the Federal Water Power Act -- No. 301

CONSERVATION BRANCH
RECEIVED
JUN 9 1926
GEOLOGICAL SURVEY

Register,

Blackfoot, Idaho.

Sir:

By executive order dated November 12, 1911, certain lands within your district were withdrawn and included in Power Site Reserve No. 226.

The Federal Power Commission has determined that Lot 5 and 6, Sec. 11, Lots 1 and 4, Sec. 14, T. 14 N., R. 19 E., B. M., would not be injured or destroyed for the purpose of power development by entry, location, or selection thereof, provided the same be made subject to the terms and conditions of section 24 of the Federal Water Power Act.

In view of the foregoing, it is hereby ordered, pursuant to Public Resolution No. 29, approved February 14, 1920, as amended by Public Resolutions Nos. 36 and 79, approved January 31 and December 28, 1922, respectively, that the land described, subject to valid rights, shall be opened only to entry under the homestead or desert-land laws by ex-service men of the war with Germany, under the terms and conditions of said resolutions and regulations issued thereunder, for a period of ninety-one days, beginning with the twenty-eighth day from and after the date of this order, and thereafter any of the land remaining unentered will be subject to appropriation under any applicable public-land law by the general public.

Sir:

October 1, 1920, Charles Canine filed homestead application for lot 7, Sec. 23, T. 54 N., R. 94 W., containing 41.89 acre, which you allowed on the same date and final proof was submitted October 31, 1925. DA-45

The recordsof this office show that said lot was withdrawn and included in power site reserve No. 115, Executive order of July 2, 1910.

The Federal Power Commission has determined that the value of said lot would not be injured for the purpose of power development by location, entry or selection under the provisions of Sec. 24 of the Federal water power act.

In view of theforegoing lot 7, Sec. 23, T. 54N.,

HK
Big Horn River

Entered
C.T.B.

R. 94 W., is hereby restored to entry subject to the terms and conditions of Sec. 24 of the Federal water power act.

The following reservation has been noted upon said entry and the same will remain intact.

"Made in accordance with and subject to the provisions ad reservations of Sec. 24 of the Federal water power act."

Very respectfully,

AUG 21 1926

Commissioner.

lots 7 and 8 would not be injured or destroyed for the purpose of power development by entry, location or selection, provided the same be made subject to the terms and conditions of Sec. 24 of the Federal water power act.

A duly corroborated affidavit, signed by claimant and two witnesses, states that considerable improvements have been placed upon the land, certain shares of water stock having been purchased sufficient to irrigate the irrigable land and that about 15 acres have been reclaimed and are in hay.

In view of the foregoing facts, lots 7 and 8 are restored to entry subject to the terms, and conditions of Sec. 24 of the Federal water power act. The applicant having signified his willingness to take the lands subject to the terms and conditions of Sec. 24 of the Federal water power act, the following reservation has been noted upon the application:

> Made in accordance with and subject to the provisions and reservations of Sec. 24 of the Federal water power act as to lots 7 and 8.

The application is returned herewith for reference to the Division Inspector in accordance with

Sir:

By executive order dated May 29, 1923, certain lands within your district were withdrawn and included in Power Site Reserve No. 364

Oct. 23-26

The Federal Power Commission has determined that E½ NE¼, SW¼ NE¼, E½ SW¼, SW¼ SW¼, SE¼ Sec. 28, T. 33 N., R. 2 W., M.D.M., DA-104

would not be injured or destroyed for the purpose of power development by entry, location, or selection thereof, provided the same be made subject to the terms and conditions of section 24 of the Federal Water Power Act.

400 a

In view of the foregoing, it is hereby ordered, pursuant to Public Resolution No. 29, approved February 14, 1920, as amended by Public Resolutions Nos. 36 and 79, approved January 21 and December 28, 1922, respectively, that the land described, subject to valid rights, shall be opened only to entry under the homestead or desert-land laws by ex-service men of the war with Germany, under the terms and conditions of said resolutions and regulations issued thereunder, for a period of ninety-one days, beginning with the twenty-eighth day from and after the date of this order, and thereafter any of the land remaining unentered will be subject to appropriation under any applicable public-land law by the general public.

Restoration under section 24 of the Federal Water Power Act.

CONSERVATION BRANCH RECEIVED MAR 2 1928 GEOLOGICAL SURVEY

Noted. M. J. T.

Register,

Sacramento, California.

Sir:

By executive orders dated November 12, 1927, and January 14, 1928, certain lands within your district were withdrawn and included in Power Site Reserve Nos. 188 and 477.

The Federal Power Commission has determined that Lot 3, SW¼NE¼ Sec. 2, T. 18 N., R. 7 E., N½ and NW¼ SW¼ Sec. 3, T. 18 N., R. 10 E., M.D.M.

II-97 20.
II-136 11FD.
S. Fk. Kaweah River.

11CK
S. Fk. Yuba River

480 A

would not be injured or destroyed for the purpose of power development by entry, location, or selection thereof, provided the same be made subject to the terms and conditions of section 24 of the Federal Water Power Act.

In view of the foregoing, it is hereby ordered, pursuant to Public Resolution No. 29, approved February 14, 1920, as amended by Public Resolutions Nos. 36 and 79, approved January 21 and December 28, 1922, respectively, that the land described, subject to valid rights, shall be opened only to entry under the homestead or desert-land laws by ex-service men of the war with Germany, under the terms and conditions of said resolutions and regulations issued thereunder, for a period of ninety-one days, beginning with the twenty-eighth day from and after the date of this order, and thereafter any of the land remaining unentered will be subject to appropriation under any applicable public-land law by the general public.

Restoration under
section 24 of the
Federal Water Power
Act.

Register,

Sir:

By executive order dated November 12, 1923, and February 21, 1924, certain lands within your district were withdrawn and included in Power Site Reserve No. 448 and 477.

The Federal Power Commission has determined that Lot 2, Sec. 2, T. 18 S., R. 28 W., M.D.M., Lot 3, NW¼ and NW¼ SW¼ Sec. 3, T. 18 S., R. 28 W., M.D.M.

would not be injured or destroyed for the purpose of power development by entry, location, or selection thereof, provided the same be made subject to the terms and conditions of section 24 of the Federal Water Power Act.

In view of the foregoing, it is hereby ordered, pursuant to Public Resolution No. 29, approved February 14, 1920, as amended by Public Resolutions Nos. 56 and 79, approved January 21 and December 28, 1922, respectively, that the land described, subject to valid rights, shall be opened only to entry under the homestead or desert-land laws by ex-service men of the war with Germany, under the terms and conditions of said resolutions and regulations issued thereunder, for a period of ninety-one days, beginning with the twenty-eighth day from and after the date of this order, and thereafter any of the land remaining unentered will be subject to appropriation under any applicable public-land law by the general public.

By Executive order dated July 2, 1910, certain
s within your district were withdrawn and included in
r site reserve No. 34.

The Federal Power Commission has determined that
NE Sec. 26, T. 25 S., R. 21 E., S. L. M., would not
injured or destroyed for the purpose of power develop-
t by the construction of a highway thereon as contemplate
section 2477 Revised Statutes provided the same be
bject to the terms and conditions of section 24 of the
deral water power act.

In view of the foregoing, it is hereby ordered
hat the above described lands be restored subject to the
terms and conditions of section 24 of the Federal water

power act only for the purpose of constructing a highway under section 2477 Revised Statutes. Your attention is directed to the fact that the land is not subject to any disposition other than the construction of a highway as aforesaid,

So note your records and advise this office.

Very respectfully,

Commissioner.

By executive order dated July 2, 1910,

certain lands within your district were withdrawn and included in Power Site Reserve No. 47

The Federal Power Commission has determined that the SE¼ Sec. 19, W½ SW¼ Sec. 20, SW¼ SE¼, W½ SE¼, NE¼ Sec. 30, T. 8 S., R. 28 E., W. M.,

would not be injured or destroyed for the purpose of power development by entry, location, or selection thereof, provided the same be made subject to the terms and conditions of section 24 of the Federal Water Power Act.

In view of the foregoing, it is hereby ordered, pursuant to Public Resolution No. 29, approved February 14, 1920, as amended by Public Resolutions Nos. 36 and 79, approved January 21 and December 28, 1922, respectively, that the land described, subject to valid rights, shall be opened only to entry under the homestead or desert-land laws by ex-service men of the war with Germany, under the terms and conditions of said resolutions and regulations issued thereunder, for a period of ninety-one days, beginning with the twenty-eighth day from and after the date of this order, and thereafter any of the land remaining unentered will be subject to appropriation under any applicable public-land law by the general public.

Subsequent to this order and prior to the date of restoration to general disposition as herein provided for, no rights may be acquired to said land by settlement in advance of entry, or otherwise, except strictly in accordance herewith.

You will note upon all applications which may be filed for said land: "Entry made in accordance with and subject to the provisions and reservations of section 24 of the Federal Water Power Act."

Respectfully,

Commissioner.

Sir:

~~By~~ May 18, 1921, certain lands within your district were withdrawn and included in Power ~~Project~~ Project No. 171.

The Federal Power Commission has determined that the N½ SE¼ Sec. 32, T. 1 S., R. 4 E., S. B. M., [FPC-145] Mar. 26-28

80a

would not be injured or destroyed for the purpose of power development by entry, location, or selection thereof, provided the same be made subject to the terms and conditions of section 24 of the Federal Water Power Act.

In view of the foregoing, it is hereby ordered, pursuant to Public Resolution No. 29, approved February 14, 1920, as amended by Public Resolutions Nos. 36 and 79, approved January 21 and December 28, 1922, respectively, that the land described, subject to valid rights, shall be opened only to entry under the homestead or desert-land laws by ex-service men of the war with Germany, under the terms and conditions of said resolutions and regulations issued thereunder, for a period of ninety-one days, beginning with the twenty-eighth day from and after the date of this order, and thereafter any of the land remaining unentered will be subject to appropriation under any applicable public-land law by the general public.

or selection, provided the same be made subject to the terms and conditions of section 24 of the Federal water power act.

In view of the foregoing, said land is hereby restored to entry subject to the terms and conditions of section 24 of the Federal water power act.

In view of the fact that the Acting Secretary of Agriculture advises that public interests will be promoted through the consummation of this exchange the restoration is made without reference to the 91-day preference right to ex-soldiers of the war with Germany. The application when filed in your office should be made subject to the following reservation:

"Made in accordance with and subject to the provisions and reservations of section 24 of the Federal water power act."

So note your records and advise this office.

Very respectfully,

Commissioner.

Accordingly, said lands are hereby restored to entry subject to the terms and conditions of section 24 of the Federal Water Power Act.

In view of the fact that final certificate has been issued and the entryman having signified his willingness to take the lands subject to section 24 of the Federal Water Power Act the following reservation has been noted thereon and the same will remain intact:

"Made in accordance and subject to the provisions and reservations of section 24 of the Federal Water Power Act."

You will recall the duplicate final certificate and note said reservation thereon.

Very respectfully,

Commissioner.

Sir:

By Departmental executive order dated July 22, 1923

certain lands within your district were withdrawn and included in Power Site Classification Reserve No. 55

The Federal Power Commission has determined that May 29-28 the N½ SE¼ Sec. 32, T. 9 N., R. 23 E., S. B. M. [IIA-152]

would not be injured or destroyed for the purpose of power development by entry, location, or selection thereof, provided the same be made subject to the terms and conditions of section 24 of the Federal Water Power Act.

80 a

In view of the foregoing, it is hereby ordered, pursuant to Public Resolution No. 29, approved February 14, 1920, as amended by Public Resolutions Nos. 36 and 79, approved January 21 and December 28, 1922, respectively, that the land described, subject to valid rights, shall be opened only to entry under the homestead or desert-land laws by ex-service men of the war with Germany, under the terms and conditions of said resolutions and regulations issued thereunder, for a period of ninety-one days, beginning with the twenty-eighth day from and after the date of this order, and thereafter any of the land remaining unentered will be subject to appropriation under any applicable public-land law by the general public.

CONSERVATION BRANCH RECEIVED JUL 18 1928 GEOLOGICAL SURVEY

Register,

Billings, Mont.

Sir:

By executive order dated April 19, 1912 certain lands within your district were withdrawn and included in Power Site Reserve No. 184

Noted N.J.T.

V. L. B.

May 28-28

The Federal Power Commission has determined that lots 1-2 Sec. 24 T. 11S., R. 1E., M.M. [DA-53]

would not be injured or destroyed for the purpose of power development by entry, location, or selection thereof, provided the same be made subject to the terms and conditions of section 24 of the Federal Water Power Act.

In view of the foregoing, it is hereby ordered, pursuant to Public Resolution No. 29, approved February 14, 1920, as amended by Public Resolutions Nos. 36 and 79, approved January 31 and December 28, 1928, respectively, that the land described, subject to valid rights, shall be opened only to entry under the homestead or desert-land laws by ex-service men of the war with Germany, under the terms and conditions of said resolutions and regulations issued thereunder, for a period of ninety-one days, beginning with the twenty-eighth day from and after the date of this order, and thereafter any of the land remaining unentered will be subject to appropriation under any applicable public-land law by the general public.

Requesting restoration
under section 24 of Federal
Water Power Act No. 131.

Hoylaton,

Anchorage, Alaska.

Sir:

By Executive order dated December 5, 1924,
certain lands within your district were withdrawn
and included in Power Site Reserve No. 775.

The Federal Power Commission has determined that
all portions of U. S. Survey No. 1551 located outside the
project area of Project No. 420 of the Chilkoot Light,
Power and Water Company as described by map and field
notes of said company's application for license under
the Federal water power act would not be injured or
destroyed for the purpose of power development by entry,
location or selection, provided the same be made subject
to the terms and conditions of section 24 of the Federal
water power act.

13

Petitioner

957317 "F" GBB

In view of the foregoing, the above described land is hereby restored, subject to the terms and conditions of section 24 of the Federal water power act. It should be understood that the portion of Survey No. 1654 included in the project area of Power Project No. 420 of the Citizens Light, Power and Water Company is not included in this restoration.

The lands included in Survey No. 1654 were embraced in the soldier's additional homestead application filed by the Citizens Light, Power and Water Company, serial 06491, which was rejected and closed because of power conflict. The records show that the survey was made upon the application of said company and the inspector's report shows that the company has placed valuable improvements thereon. Therefore said tract is restored without reference to the law providing preference right to ex-service men of the war with Germany. You will note the restoration upon the records of your office.

Any application filed for said survey No. 1654 should bear the following notation:

> Excepting and excluding therefrom that portion within the project area of Power Project No. 420 of the Citizens Light, Power and Water Company, as described by map and field notes of said company's application for a license under the Federal water power act.

957317 "F" CBB

As to the balance of the lands such application should also be made subject to the following reservations:

Made in accordance with and subject to the provisions and reservations of section 24 of the Federal water power act.

Notify the Citizens Light, Power and Water Company hereof.

Very respectfully,

Acting Commissioner.

AUG 1 1928
GEOLOGICAL SURVEY

Register,

Sacramento, California.

Sir:

August 26, 1926, George M. Hubbard filed homestead application for lands embraced in N. E. S. 25? situated in portions of Secs. 32 and 33, T. 47 N., R. 12 W., and Secs. 4 and 5, T. 46 N., R. 12 W.

The records of this office show that all said lands except those located in Sec. 33, were withdrawn and included in powersite classification No. 118, departmental order dated October 14, 1925.

The local office held said application for rejection for conflict with said powersite classification and upon failure of the applicant to take action the case was closed, October 11, 1926.

December 21, 1926, the applicant filed a request

for reinstatement in which it appears that the applicant contested H.E.S. No.1652, and by office letter dated August 14, 1926, the entry was canceled, the case closed, and the contestant given a preference right.

The Federal Power Commission has determined that the value of said land would not be injured or destroyed for the purpose of power development by entry, location or selection, subject to the terms and conditions of section 24 of the Federal water power act.

In view of the foregoing, all the lands embraced in H. E. S. No.255 located in Secs. 4 and 5, T. 46 N., R. 12 W., and Sec. 32, T. 47 N., R. 12 W., are hereby restored to entry, subject to the terms and conditions of section 24 of the Federal water power act.

The applicant having signified his willingness to take said lands subject to the terms and conditions of section 24 of the Federal water power act, the application is hereby reinstated and made subject to the following reservation:

> Made in accordance with and subject to the provisions and reservations of section 24 of the Federal water power act as to the lands in Secs. 4 and 5, T. 46 N., R. 12 W., and Sec.32, T.47 N. ,R.12 W.

for reinstatement in which it appears that the applicant contested H.E.S. No.16752, and by office letter dated August 14, 1922, the entry was canceled, the case closed, and the contestant given a preference right.

The Federal Power Commission has determined that the value of said land would not be injured or destroyed for the purpose of power development by entry, location or selection, subject to the terms and conditions of section 24 of the Federal water power act.

In view of the foregoing, all the lands embraced in H. E. S. No.2515 located in Secs. 4 and 5, T. 46 N., R. 12 W., and Sec. 32, T. 47 N., R. 12 W., are hereby restored to entry, subject to the terms and conditions of section 24 of the Federal water power act.

The applicant having signified his willingness to take said lands subject to the terms and conditions of section 24 of the Federal water power act, the application is hereby reinstated and made subject to the following reservation:

Made in accordance with and subject to the provisions and reservations of section 24 of the Federal water power act as to the lands in Secs. 4 and 5, T. 46 N., R. 12 W., and Sec. 32, T. 47 N., R. 12 W.

Sacramento 017100"F"CEB

The application is returned herewith and you will, in the absence of other reasons disclosed by the records of your office for contrary action, allow the same and transmit the entry papers to this office, with your regular returns.

Very respectfully,

Acting Commissioner.

: 24 Federal water power act.

Register,

Denver, Colorado.

Sir:

By letter of March 6, 1928, the Secretary of Agriculture advised that Ellwood Berry of Wagon Wheel Gap, Colorado, had made application under the act of March 20, 1922 (42 Stat. 465), as amended by the act of February 28, 1925 (43 Stat. 1090), to exchange land within the Rio Grande National Forest and the proponent offers the Government the NW¼ SW¼ Sec. 3, E½ SE¼, SW¼ SE¼ Sec. 4, NW¼ NE¼, E½ NW¼ Sec. 9, W½ NW¼ Sec. 21, T. 40 N., R. 1 E., NE¼ NW¼, NW¼ NW¼ Sec. 4, T. 40 N., R. 2 E., SE¼ NE¼ Sec. 33, SW¼ SE¼ Sec. 32, SW¼ SW¼ Sec. 33, T. 41 N., R. 2 E., N. M. P. M., in exchange for the SW¼ SW¼ Sec. 2, NW¼ NE¼, NE¼ NW¼, N½ SE¼ Sec. 3, SE¼ SW¼ Sec. 14, N½ NW¼ NW¼ Sec. 26, NE¼ NE¼, N½ SW¼ NE¼,

Indexed
L.L.O.

W½ NW¼ SE¼, NE¼ SW¼ Sec. 27, T. 40 N., R. 1 E., SW¼ SE¼ Sec. 34, SW¼ NW¼ Sec. 35, T. 41 N., R. 1 E., N. M. P. M.

The Secretary of Agriculture states that it has been found necessary to present this exchange as to selected land for areas smaller than the regular legal subdivisions owing to the presence of land within these subdivisions which are valuable for forestry purposes. He also states that the Government desires to reserve, under the provisions of the act of February 28, 1925, certain rights of way on and across the selected land in Secs. 14, 26, 27, T. 40 N., R. 1 E.

He further states that the offered and selected lands have been examined and the offered land is chiefly valuable for national forest purposes and not occupied by adverse claimants, that the selected land does not exceed the offered land in value and is reported to be non-mineral in character, and that the proponent is willing to accept a patent for the selected land with a reservation in the Government of the rights of way above described.

Since public interests will be promoted through the consummation of this exchange, the Secretary of Agriculture recommends that title to the offered land be

The Secretary of Agriculture states that it has been found necessary to present this exchange as to sec. 34, SW¼ NW¼, W½ SW¼ Sec. 25, T. 41 N., R. 1 E., N. M. P. M. NE¼ NW¼ SW¼, W½ SW¼ Sec. 27, T. 40 N., R. 1 E., SW¼ SW¼ Sec. 25, T. 40 N., R. 1 E.

He further states that the offered and selected lands have been examined and the offered land is chiefly valuable for national forest purposes and not excepted by adverse claimants, that the selected land does not exceed the offered land in value and is reported to be non-mineral in character, and that the proponent is willing to accept a patent for the selected land with a reservation in the Government of the rights of way above described.

Since public interests will be promoted through the consummation of this exchange, the Secretary of Agriculture recommends that title to the offered land be

accepted and the exchange completed.

The records of this office show the W½ NW¼ SE¼, NE¼ SW¼ Sec. 27, T. 40 N., R. 1 E., was withdrawn on November 21, 1923, under the act of June 10, 1920, and included in Power Project No. 451.

The Federal Power Commission has determined that all portions of said land located outside the project area of project No. 451 of A. E. Humphreys, as shown by the map filed with application of said Humphreys, which is designated and described as "Exhibit K, map covering application for license, Lake Humphreys pipe line to power house and transmission lines", and which was received in the office of the Federal Power Commission November 21, 1923, would not be injured or destroyed for the purpose of power development by entry, location or selection, provided the same be made subject to the terms and conditions of section 24 of the Federal water power act.

In view of the foregoing, all portions of the W½ NW¼ SE¼, NE¼ SW¼ Sec. 27, T. 40 N., R. 1 E., N. M. P. M., located outside the project area of project No. 451 of A. E. Humphreys, as shown by the map heretofore mentioned are hereby restored to entry subject to the terms and conditions

-2-

of section 24 of the Federal water power act.

Any application filed for said W½ NW¼ SE¼, NE¼ SW¼ Sec. 27, should bear the following notation:

"Excepting and excluding therefrom that portion within the project area of Power Project No. 451, of A. E. Humphreys, as shown by the map filed with said Humphreys' application received in the Federal Power Commission November 21, 1923."

As to the balance of the land last mentioned, such application should also be made subject to the following reservation:

"Made in accordance with and subject to the provisions and reservations of section 24 of the Federal water power act."

The records of this office disclose no objections and accordingly the informal application of Bergey is hereby approved subject to submission of acceptable title to the offered land and to full compliance with the regulations governing this exchange and to any protests or other valid objections which may appear.

You will advise the applicant that he is allowed 60 days from notice hereof within which to file in your office a formal application in accordance with the inclosed Circular 563.

In due time report with evidence of service.

Very respectfully,

Approved:

Acting Assistant Commissioner.

First Assistant Secretary.

GEOLOGICAL SURVEY

By letter of May 16, 1928, the Superintendent of Forestry advised that Neil B. Field of Albuquerque, New Mexico, had made application under the act of March 20, 1922 (42 Stat. 465), to exchange land in the Santa Fe National Forest and offered the Government a certain portion of Sec. 20, T. 17 N., R. 12 E., N. M. P. M., containing approximately 25 acres to be more particularly described by metes and bounds in the formal application, in exchange for the W½ of Lot 4 Sec. 3, T. 17 N., R. 12 E., N. M. P. M.

The Secretary of Agriculture states that it has been found necessary to submit this exchange as to the offered land for areas less than the regular legal subdi-

Noted
L.L.O.

vision owing to the fact that the proponent does not hold title to the remaining portion of these subdivisions and it has also been found necessary to submit this exchange as to the selected land for an area less than the regular legal subdivision on account of the fact that the remaining portion of this subdivision is valuable for forestry purposes.

He further states that the offered and selected lands have been examined and from reports it is found that the offered land is chiefly valuable for national forest purposes and is unoccupied by adverse claimants; that the selected land is reported to be non-mineral in character and does not exceed the offered land in value, and since public interests will be promoted through the consummation of this exchange he recommends that title to the offered land be accepted and the exchange completed.

The records of this office show that the W½ of Lot 4 Sec. 9, T. 17 N., R. 12 E., M. M. P. M., was withdrawn and included in water power designation No. 1, departmental order dated August 7, 1916.

In response to a request for report to determine whether or not the last mentioned land may be entered

subject to the terms and conditions of section 24 of the Federal water power act, the Federal Power Commission on July 31, 1926, has determined that the value of said land would not be injured or destoryed for the purpose of power development by entry, location or selection provided the same be made subject to the terms and conditions of section 24 of the Federal water power act.

In view thereof, the W½ of Lot 4 Sec. 9, T. 17 N., R. 12 E., N. M. P. M., is hereby restored to entry subject to the terms and conditions of section 24 of the Federal water power act and you will note upon any application filed for said land the following reservation:

> "Made in accordance with and subject to the provisions and reservations of section 24 of the Federal water power act."

The records of this office disclose no objections and accordingly the informal application of Field is hereby approved subject to the submission of acceptable title to the offered land and to full compliance with the regulations governing this exchange and to any protests or other valid objections which may appear.

You will advise the applicant that he is allowed 60 days from notice hereof within which to file in your

: Restoration No. 150 under section 24 of Federal water
: power act.

V. L. M.

Register,

Sacramento, California.

Sir:

By letter of August 14, 1928, the Secretary of Agriculture advised that William H. Shay and C. C. Barker of 478 D Street, San Bernardino, California, had made informal application under the act of March 20, 1922 (42 Stat. 465), to exchange lands within the San Bernardino National Forest and the applicants offer the Government SW¼ NE¼ Sec. 16, T. 2 N., R. 2 W., in exchange for SW¼ NW¼ Sec. 18, T. 2 N., R. 2 E., S. B. M.

The Secretary of Agriculture states that the offered land has been examined and is found to be chiefly valuable for national forest purposes and is unoccupied by adverse claimants and the selected land does not exceed the offered lot in value.

1311175 "K" JFH

Since public interests will be promoted through the consummation of this exchange the Secretary of Agriculture recommends that on submission of a formal application and satisfactory evidence of ownership to the offered land, title thereto be accepted and a patent issue to the applicant for the selected tract.

The records of this office show that the SW¼ NW¼ said Sec. 18, T. 2 N., R. 2 E., was reserved May 10, 1921, under the act of June 10, 1920, and included in Power Project No. 17.

The Federal Power Commission has determined that the value of the last described land would not be injured or destroyed for the purpose of power development by entry, location or selection, provided the same be made subject to the terms and conditions of section 24 of the Federal water power act of June 10, 1920 (41 Stat. 1063). Accordingly the said SW¼ NW¼ Sec. 18, T. 2 N., R. 2 E., S. B. M., is hereby restored to entry subject to the terms and conditions of section 24 of the Federal water power act, supra, and the applicants must file their consent to accept patent to the said tract subject to the provisions and restorations of the said Federal water power act.

Since public interests will be promoted
by the consummation of this exchange the Secretary of
Agriculture recommends that on submission of a formal
application and satisfactory evidence of ownership to the
offered land title thereto be accepted and a patent issue
to the applicant for the selected tract.

The records of this office show that the SW¼
said Sec. 10, T. 2 N., R. 2 E., was reserved May 15, 1893,
under the act of June 10, 1920, and included in Power
Project No. 17.

The Federal Power Commission has determined that
the value of the land described and would not be injured
or destroyed for the purpose of power development by entry,
location or selection, provided, however, that same be made subject to
the terms and conditions of section 24 of the Federal water
power act of June 10, 1920 (41 Stat. 1063). Accordingly
the said SW¼ Sec. 10, T. 2 N., R. 2 E., M. D. M., is
hereby restored to entry subject to the conditions
of section 24 of the Federal water power act, terms, and
the applicants must file their waivers accepting
the said tract subject to the provisions and reservations
of the said Federal Water Power Act.

1311155 "K" JPH

The records of this office disclose no objections and accordingly the informal application is hereby approved subject to the submission of acceptable title to the offered land and to full compliance with the regulations governing this exchange and to any protests or other valid objections which may appear.

You will advise the applicants that they are allowed 60 days from notice hereof within which to file in your office a formal application in accordance with the inclosed Circular 663. In due time report the action taken forwarding evidence of service.

Very respectfully,

Assistant Commissioner.

Restoration under section
24 Federal water power act
No. 460.

APR 13 1929
GEOLOGICAL SURVEY

Los Angeles, California.

May 18, 1923, certain lands within your district
reserved under the act of June 10, 1920, and included
water project No. 171.

The Federal Power Commission has determined that
lume of the SW¼ NW¼, W½ SW¼ Sec. 22, and
¼ Sec. 34, T. 4 S., R. 4 E., S. B. M., would not be
ed or destroyed for the purpose of power development
ry, location or selection provided the same be
subject to the terms and conditions of section 24
he federal water power act.

In view of the foregoing said tracts are hereby
tored to entry subject to the terms and conditions of
tion 24 of the Federal water power act. The records
this office show that said tracts are described in a

991451 "T" CSB

pending schedule of allotments made to Indians of the Palm Spring Mission Reservation. Therefore, said restoration is made without reference to the law providing preference right to ex-service men of the war with Germany. Patent to said lands should issue subject to the following reservation:

> "Made in accordance with and subject to the provisions and reservations of section 24 of the Federal water power act."

So note your records and advise this office.

Very respectfully,

Acting Commissioner.

Approved:

Assistant Secretary.

Sir:

By executive order dated October 28, 1911,

certain lands within your district were withdrawn and

included in Power Site Reserve No. 217.

The Federal Power Commission has determined that the NE¼ NE¼,
SW¼ NE¼, W½ NW¼, SE¼ NW¼ Sec. 28, S½ NE¼, SE¼ NW¼ Sec. 29, S½ NE¼,
NE¼ SW¼ Sec. 30, T. 23 N., R. 11 W., M.D.M.,

In view of the foregoing it is hereby ordered, pursuant
to Public Resolution No. 81, approved February 14, 1920, as
amended by Public Resolutions Nos. 35 and 79, approved January
21 and December 28, 1922, respectively, that the land described,
subject to valid rights, also be opened only to entry under the
homestead or desert-land laws by ex-service men of the war with
Germany, under the terms and conditions of said resolutions and
regulations issued thereunder, for a period of ninety-one days,
beginning with the xxxxxxxxxx day from and after the date of
this order, and thereafter any of the land remaining unentered
will be subject to appropriation under any applicable public-
land law by the general public.

Subsequent to this order, prior to the date of restoration to general disposition as herein provided for, no rights may be acquired to said land by settlement in advance of entry, or otherwise, except strictly in accordance herewith.

You will note upon all applications which may be filed for said land: "Entry made in accordance with and subject to the provisions and reservations of section 24 of the Federal Water Power Act."

Restoration under section
24 Federal water power act.
No. 417.

Register,

Sacramento, California.

V. L. B.

Sir:

June 10, 1925, certain lands within your district were reserved under the act of June 10, 1920, and included in power project No. 61.

The Federal Power Commission has determined that all portions of the N½ NW¼, SW¼ SW¼ Sec. 8, T. 28 N., R. 7 E., M. D. M., lying westerly and northerly of a line 100 feet horizontally distant from and parallel to the 4500 foot contour line as known on the maps filed in the Federal Power Commission by the Great Western Power Company in connection with its application for license for project No. 616, would not be injured or destroyed for the purpose of power development by entry, location or selection provided the same be made subject to the terms and conditions of section 24 of the Federal water power act.

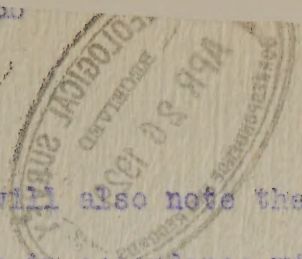

In view of the foregoing, it is hereby ordered, pursuant to public resolution No. 29, approved February 14, 1920, as amended, that the lands described, subject to valid rights, shall be opened only to entry under the homestead or desert land laws by ex-service men of the war with Germany, under the terms and conditions of said resolution and the regulations issued thereunder, for a period of 91 days, beginning with the 35th day from and after the date of this order, and thereafter any of the lands remaining unentered will be subject to appropriation under any applicable public land law by the general public.

Subsequent to the date of this order and prior to the date of restoration to general disposition no rights may be acquired to said land by settlement in advance of entry or otherwise except strictly in accordance herewith.

You will note upon any application filed for said land the following exception:

"Excepting and excluding that portion lying westerly and northerly of a line 100 feet horizontally distant from and parallel to the 4500 foot contour line as shown on the maps filed in the Federal Power Commission by the Great Western Power Company in connection with its application for license for project No. 616."

1186603 "F" 0.5.0

You will also note the following reservation:

"Made in accordance with and subject to the provisions and reservations of section 24 of the Federal water power act."

You will note the restoration upon the records of your office and advise this office of such action.

Very respectfully,

Chas. O'Connell
